The Proven City Basket Hanger

The stylish & secure solution for any area from parkways to patios.

Flower baskets are an attractive way for both cities and citizens to create an atmosphere of warmth and welcome and basket hangers make it easy! Sturdy and attractive, these handsome pieces provide strong support while complementing the beauty of the flower arrangement. Our **Curved Hangers** are extra-heavy-duty to securely fasten baskets to poles or posts. Our **Anderson Pot Hangers** encircle the basket tightly, keeping it securely in place and minimizing damage to foliage. It also compacts for easy storage. Together, they provide a stable and stylish structure for displays in both public and private venues. Show your customers how easy it is to add the elegance of iron to their landscapes, with beautiful and unique items from Garden Gallery Iron Works.
