

Return * Reuse * Reduce
Blooming Nursery Flat Deposit & Flat and Pot Return Policy

Your return and our reuse of flats and pots helps reduce costs, minimizes stress on supply of natural resources and reduces waste & plastics in landfills. Thank you for partnering with us to be more sustainable!

Flat Deposit & Return:

- \$1.00 deposit for the net bottom flat that holds 18 of our 3.5" pots
- \$4.00 deposit for the heavy duty Anderson flat that holds our 1 gallon pots
- Net bottom and Anderson flats **delivered on previous shipments** may be returned each time we deliver. Please stack in advance and give to the driver.
- The driver will count and mark the invoice with the number of flats you are returning.
- After the driver gets back to the nursery, the invoice will be adjusted to reflect the deposit credit for the number of flats returned.

So that our drivers are able to stay on schedule and make timely deliveries to all customers, please do not off load plants from flats being delivered.

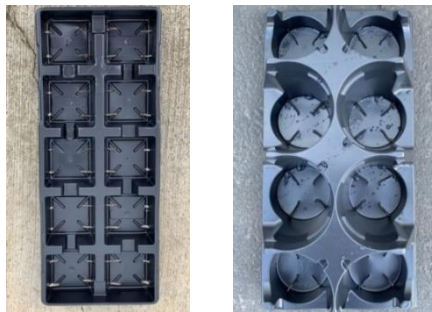

Net Bottom & Anderson Flat

Other Blooming Nursery Flats for Return & Our Reuse:

- 10 ct. flats that we use for our square quarts - *if not broken*
 - 8 count flats that we use for our 4.5" round pots - *if not broken*
- Some of these flats are prone to breakage so we do not charge a deposit for these.

10 ct. Quart & 4.5" Round Flat

We cannot reuse any other flats than the 4 pictured above. Our drivers will not take any other types.

You may return all sizes of empty Blooming Nursery pots for our reuse. Please do not return any other types.
